JEALOUS BEYONCÉ'S SNUB TO HUDSON!

**SHE SKIPPED
FUNERAL
for Jennifer's
slain mom,
brother and
nephew**

FURIOUS diva Beyoncé went on the warpath in a rage after singing rival Jennifer Hudson stole her thunder!

That's just some of the fallout from a salacious new tell-all book about Beyoncé's life obtained by The National ENQUIRER.

After "Dreamgirls" hit theaters in 2006, Beyoncé became so jealous over gushing reviews claiming Jennifer stole the show that she stopped reading articles about the movie!

Jennifer's riveting performance won her an Oscar for Best Supporting Actress, while one noted critic called Beyoncé "static and detached!"

"When reporters asked her about Jennifer during press interviews, Beyoncé would usually respond by paying her frozen-smiled compliments," writes the book's author, J. Randy Taraborrelli.

The feud grew so bad, Beyoncé skipped the funeral for Jennifer's mother, brother and nephew after their tragic murder at the hands of her ex-brother-in-law in 2008. In fact, she didn't even call to convey condolences!

"Beyoncé did not come to the funeral nor did she call, text, send a card, or hell ... send a damn email," wrote a friend of Jennifer's on their social media page.

What's more, Beyoncé's husband, Jay Z, not only attended the service — but acted as an official speaker!

THE BOOK, "Becoming Beyoncé: The Untold Story," also contains revelations about Beyoncé, 34, and Jay Z's lavish wedding in '08, including how Jay Z, 45, ordered 100,000 pure white orchids specially plucked from fields in a remote and tiny town in Thailand!

It is believed Jay Z spent \$8 million — for the flowers alone!

"Jay said that he wanted everything to be perfect for Beyoncé. Or as he

put it to the designer, "I want the whole thing to be dope."

The ENQUIRER can now reveal Beyoncé's career could have been the cause for a trial split, but it was a rumor about Jay Z cheating on her with Rihanna that made things much worse.

At the time in 2005-06, Rihanna, 27, was an unknown singer newly signed to Def Jam Recordings, which Jay Z ran.

Said the publicist charged with promoting Rihanna's first song, "Pon de Replay": "Like (with) all new artists, (Jay Z) didn't care much about her. If she hit, great. If not ... next!"

To create buzz, the enterprising PR man floated a rumor Jay Z and Rihanna were an item. In no time, Rihanna's song was a major hit!

"Am I proud of it? No," said Jonathan. "There was no integrity to it at all. Did it work? Hell yeah, it worked. It totally launched Rihanna's career."

THREE BEYONCÉ SCOOPS

SEEHING resentment sparked the notorious "elevator incident" of 2014.

The ENQUIRER can now reveal Beyoncé's bitter rival Rihanna was the root of the most infamous Jay Z-and-Beyoncé battle!

On May 5th, 2014, Beyoncé's sister, Solange, attacked Jay Z in an elevator while Beyoncé looked on. The infamous event was captured on surveillance video — but because the film was muted, the reason for the sensational spat has long been a mystery — until now!

According to the tell-all tome obtained by The ENQUIRER, Jay Z told Beyoncé he had to attend a party hosted by Rihanna in Manhattan, following the lavish annual Met Gala.

And while Beyoncé "laid down the law" and told

Beyoncé's sister Solange gave Jay Z her opinion, with punch-uation!

Jay Z he couldn't go, Solange berated her brother-in-law for even broaching the idea!

"You want to talk about

a powerful woman not allowing herself to be shut down by a man," said Jaz-O, a source.

"Well, that's Solange."

Depression that drove secret split from Jay Z

THE explosive new book also lends context to the couple's looming \$1 billion divorce, including a secret split in early 2005 that almost scuttled their fairy tale romance for good!

It was way back then,

when Beyoncé looked on top of the world, that the "Drunk in Love" singer was secretly "depressed," and moodily withdrawing from even her family.

As one pal said, "She would just go into a corner and seem to disap-

pear into herself."

"The two broke up for a time that year," dishes the tell-all book, which was obtained ahead of publication by The National ENQUIRER.

"She flat-out told him she needed a break." **NE**

Rachael serves up one helluva **SNUB TO HER DAD!**

RACHAEL Ray cooked up a 10th wedding anniversary trip to Italy for family and friends, but snubbed her divorced dad!

Jim Ray, 80, told The National ENQUIRER in an exclusive interview: "I imagine the guests were some

of the same people who attended her wedding, but I wasn't among them.

"It's disappointing."

The talk show star and celebrity cook — who at 47 is worth \$60 million — and husband John Cusimano recently traveled to Montalcino, Italy, for the party.

The celebration was held at the Castello di Verlona, the castle where the couple first said, "I do." Their pit bull, Isaboo, was reportedly among the 95 guests.

Amazingly, the couple made it to the 10-year mark despite an ugly cheating

scandal. As The ENQUIRER reported in 2006, John, 48, paid a Florida woman to spit on him during a five-year relationship that began before he married Rachael, but continued after they wed.

As for the bash, a source told The ENQUIRER: "It was

PARIS' \$2 BILLION PRENUP!

LOVESTRUCK Paris Jackson's relatives are demanding the teen sign a prenup before she walks down the aisle, bent on protecting her father's estate — which could soon swell to a whopping \$2 billion!

"That's Michael Jackson's legacy," a family friend told The National ENQUIRER, "and there's no way they want any part of it at risk!"

According to a recent report, Sony — which owns half of a huge music catalog with the estate — is in early talks that would allow either side to buy the entire collection.

The catalog contains nearly one million copy-

rights, including hits by Taylor Swift and Lady Gaga, plus nuggets like "Stand By Me" and its crown jewel, 251 songs by The Beatles. Its estimated value is at least \$2 billion.

As The ENQUIRER has reported, the King of Pop's daughter hopes to wed her beau, rising soccer star Chester Castellaw, 18, after she turns 18 next April.

She hooked up with Chester, who competed at the Maccabiah Games in Israel in 2013, when she returned to the Jackson estate in Calabasas, Calif., after a long stint at a Utah boarding school.

The union has the blessing of her uncle Jermaine Jackson, who will walk her down

the aisle. But Jermaine and other family members insist Paris and Chester sign a \$2 billion prenup before the big day.

The King of Pop's princess — who was spotted wearing a ring on her left hand in May — wants to wed sooner rather than later.

"Paris is worried about the health of her grandmother, Katherine," said the insider.

But family members are wary of a teen marriage because of the girl's fragile mental state, said the source.

As The ENQUIRER reported, troubled Paris slashed her wrists and guzzled pills in 2013. Relatives also became concerned after she acted crazy in a video clip with Chester, according to a family insider.

“She grabs hold of his face and sings: ‘This is my baby, if you flirt with him, touch him, talk to him, think about him, or even look at him, I will slit your throat!’” the source recalled.

Added the insider: “It’s a dilemma. Family members want Paris to get going on her prenup, but they’re walking on eggshells. They don’t want to get her angry or, worse, have her cut them off.”

KATE'S WASTING AWAY!

Shrinking Duchess may be *anorexic*, experts fear

SHOCKING new photos have reignited anorexia fears for Kate Middleton — and medical experts said she could be killing herself!

“It’s horrifying,” a palace insider told The National ENQUIRER. “It looks like she’s dropped at least 20 pounds in the past few months. Her arms appear to be nothing but skin and bones.”

As these ENQUIRER snaps show, the 33-year-old Duchess of Cambridge looked gaunt during a recent public appearance.

“A loss of what seems like 20 pounds or more can cause severe health issues and can even be lethal,” Dr. Stuart Fischer, author of “The Park Avenue Diet,” told The ENQUIRER.

“If she continues down this path of apparent starvation, she is definitely putting her life in jeopardy.”

Franci Cohen, an exercise physiologist and nutritionist, said: “Her arms appear soft, mushy and lanky, with absolutely no muscle tone, firmness or definition.”

As The ENQUIRER reported in November 2014, Kate suffered a secret collapse while pregnant with daughter Charlotte.

Prince William, 33, ordered doctors to place his wife under 24-hour care during the pregnancy due to her alarming weight loss and vomiting. She had dropped to an astonishing 91 pounds.

Added Franci: “If she continues this way, she’ll be putting her life at risk.” **NE**

Disick's Scott SERIOUS ISSUES!

KOURTNEY Kardashian's troubled ex, Scott Disick, is back in rehab!

The star has a long, tormented history with drugs and alcohol, and has headed back to a retreat to get himself together after his latest escapades!

As The National ENQUIRER reported, Scott, 32, was clubbing all night with 18-year-old Canadian model Lindsay Vrcckovnik before the cozy couple returned to their hotel at 6 a.m. The pervy party

was another humiliation for Kourtney, 36, who tolerated Scott's antics for nine years before their split in July.

Scott sought treatment this time as part of a looming custody battle over their three kids.

He floundered at rehab in Costa Rica earlier this year and attempted to justify his failure.

"The truth was, I

was never planning to go for a month," he said in March. "I was planning to go for as long as I went, which was the week, and work on myself."

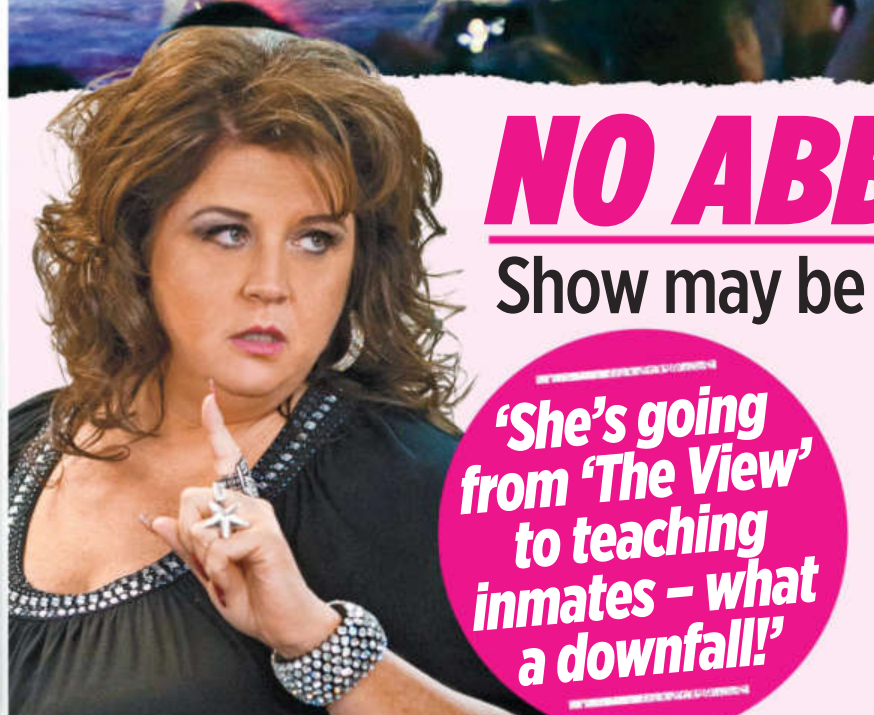

The ex-reality star is staying at a rehab center in Malibu, Calif.

A GING superstars Sean Penn and Madonna are back together — just as The National ENQUIRER told you back in August!

Sean was seen gazing lovingly at the Queen of Pop from the front row at her concert in Vancouver, Canada, where he was getting to know her latest celebrity pal, funnywoman Amy Schumer.

He also made an appearance at ANOTHER of her concerts in New York City, where he seemed delighted as Madonna dedicated her classic 1986 hit “True Blue” to him.

Sean, 55, and Madonna, 57, were married from 1985 to 1989.

As The ENQUIRER revealed earlier this year, the actor stepped up his chase of his former wife after being dumped by Charlize Theron — and her son, Rocco, 15, helped him out!

“Within a day of the breakup, Rocco was calling Sean, begging him to ask his mom out,” an insider revealed. “Sean’s always loved Madonna. He thinks she’s the only woman strong enough to handle him.”

LIFETIME hit “Dance Moms” is in danger of cancellation — because the show’s big brash coach could be headed to the slammer!

spending multiple years of her life behind bars if convicted.

“She’s going from having her kids perform on ‘The View’ to teaching the two-step to inmates — what a downfall!” said a source.

Miller faces 20 counts of bankruptcy fraud, concealment of bankruptcy assets and false bankruptcy declarations. Au-

thorities said she hid the income she earned in 2012 and 2013 from her show and several spin-offs. If convicted, she faces up to five years in prison and a fine of \$250,000 “for each count of the indictment, the U.S. Attorney’s Office in Pittsburgh said.

The ENQUIRER has also learned fame triggered her descent! The judge oversee-

ing her case saw her on “Dance Moms,” show, insiders said, and followed her activities at Abby Lee Dance Company.

Alarmed, the judge called a hearing in February 2013 and told her to “disclose all her earnings,” a source said — but feds said she still kept her income from the show hidden from view. **NE**

'BUFFY' STAR'S SUICIDE CAUGHT ON

TROUBLED “Buffy the Vampire Slayer” star Nicholas Brendon nearly ended his train-wreck life in an attempted suicide — and the shocking incident was caught on tape!

The video, obtained exclusively by The National ENQUIRER, shows the 44-year-old actor slicing his left wrist not once, but twice, as he staggers around with a knife in his right hand.

Nicholas then slouches on a

sidewalk until confronted by a passerby.

The ENQUIRER has chosen to publish these frightening images in the hope Nicholas will get the help he needs.

The episode unfolded in Saratoga Springs, N.Y., in September during a nine-day meltdown that capped years of woe for Nicholas, including multiple rehab stints, hotel room ruckuses and arrests.

During his breakdown, Nicholas had three separate brushes with local cops, was hospitalized and ended up with a slew of charges for choking his girlfriend.

Police also told The ENQUIRER the “Criminal Minds” actor had two separate “mental health” episodes.

The first incident came when Nicholas slit his wrist around 10 p.m. on Sept. 22.

Earlier that evening, camer-

Nicholas — best known as Xander on “Buffy,” co-starring Sarah Michelle Gellar, right — appeared drunk on a sidewalk

WIDE BID CAMERA!

as at a nearby bar captured the distraught actor sitting alone and apparently sipping a beer. The ENQUIRER also obtained that tape.

The second incident, on Sept. 23, occurred off a busy main street around 5 p.m. It ended with cops escorting Nicholas to a local hospital.

The actor wasn't charged in either incident, but his luck ran out on Sept. 30 when police were summoned to the Springs Motel by Nicholas' girlfriend — an unnamed 33-year-old.

Nicholas allegedly choked her, stole her car keys, hurled her cell phone and threw a chair against the wall, authorities said. "There was alcohol involved," a police spokesman confirmed.

The star was charged with a felony count of robbery, plus two counts of criminal

mischief and one count of obstruction of breathing, police said.

Nicholas was due in court Oct. 16.

He entered rehab in June for the third time this year, and stormed out of an interview on "Dr. Phil" in August.

Following the disastrous interview, Nicholas wrote on his Facebook page: "My illnesses and addictions are a daily struggle for me ... I'm the first to admit I've messed up, a lot, and I've hurt people I care about and who care about me."

INSIDE THE NEVADA LOVE RANCH**

HERE is Lamar Odom — unconscious and sprawled on his bed in a Nevada brothel after a massive heroin-and-cocaine “speedball” overdose left him at death’s door!

In a sensational world exclusive, The National ENQUIRER has obtained — and turned over to cops — a series of shocking photos snapped in the hours before workers at the legal Nevada sex den discovered Lamar’s lifeless body and desperately called 911.

The images show the tragic end result of the 35-year-old former NBA star’s \$75,000 binge on drugs, booze and hookers at the Las Vegas area brothel Love Ranch South, owned by HBO “Cathouse” star Dennis Hof.

A source told The ENQUIRER the pictures were snapped in the early morning hours of Oct. 13, and show the “undisturbed crime scene” inside Lamar’s VIP suite — littered with drug paraphernalia and sex tools — before paramedics arrived.

AT PRESS time, Lamar was hospitalized in critical condition, clinging to life with estranged wife Khloé Kardashian at his side. He was on life support and while knowledgeable sources said he’d already been declared “brain dead,” he’d begun to show hopeful signs of emerging from his coma.

CRAZED AX & RIPS OUT

A DEMENTED California man killed his own mother in cold blood — and then cut out her HEART!

That's according to court documents that recount 31-year-old Omar Pettigen's interview with Fremont cops.

They detail how shocked officers found Pettigen's murdered mother, Nailah, 64, in a pool of blood on her back in her bedroom, with multiple gunshots to her head and body, an ax wound in her head and her heart placed on top of her gaping chest!

Pettigen told police his mother was "killing herself" with prescription painkillers and had been "treating him badly," according to the documents.

IN WHAT'S being described as the bloodiest killing in Fremont's history, officers followed up on a call from a New Mexico man who hadn't heard from his ex-wife and son in some time. They found a crime scene, including a bed soaked with blood, splattered walls and an ax, two knives and a gun next to the slain woman's body.

everywhere,” said Fremont Police spokeswoman Geneva Bosques.

Police believe Pettigen killed his mother Sept. 28, and in an interview with detectives, the accused man said simply “he was mad,” revealed Geneva.

Fremont police have had to offer support for the officers who discovered the scene, such as the brutality of the killing. And Geneva herself said she has avoided seeing photographs of the aftermath due to the descriptions.

KNOWN AS a frequent world-traveler, Pettigen had recently returned from several months in Morocco, said Geneva.

The man told police in his interview after being captured that he’d spent two years living in South Korea, and lived on a marijuana farm in North California.

Pettigen had stopped at his mother’s apartment the day before her killing, said police, and in the time between the killing and his subsequent arrest, he booked a plane ticket to Chicago but never made the flight. Instead, he left a blood-stained shirt in

a San Francisco hotel room and went for drinks with an acquaintance.

The documents also reveal Pettigen admitted to killing his mother, a special ed teacher, and then masturbating in a nearby room. He then took a shower, grabbed a bag and left.

Pettigen has been charged with murder with enhancements of intentionally discharging a firearm causing great bodily injury and use of a deadly weapon. He was also charged with a count of desecrating human remains, and held without bail. **NE**

SECRET VISIT
TO DOC'S**

HOLLYWOOD legend Barbra Streisand is reeling from a new cancer nightmare! The National ENQUIRER caught the 73-year-old diva bolting from her Beverly Hills doctor's office on Oct. 6.

"She was in a panic," a source told The ENQUIRER.

"She's been putting off a hysterectomy and doctors once again told her she needs to go under the knife."

"Poor Barbra — she left the office in tears and was crying her eyes out.

"She kept dabbing her face with a hankie and was wearing a big black hat in the hopes that no one would spot her."

The two-time Oscar winner is fearful of cancer, the source added.

As The ENQUIRER reported

**CAUGHT

**Barbra didn't go

in 2004, Barbra had part of her colon removed after a routine screening revealed the presence of polyps.

Since then, she's undergone regular cancer screenings, but sources said doctors are recommending she undergo the hysterectomy.

"She keeps putting off the surgery," said the source.

"She doesn't want to do anything until after the holidays,

but the fact is Barbra's scared to death of going under the knife again."

In 2007, Barbra began experiencing the effects of menopause, including hot flashes, body aches and mood swings, insiders said.

After menopause, women face risks of breast and uterine cancer, as well as cancer of the cervix.

About 10 percent of hysterectomies are performed for cancer.

**ENQUIRER

Adding to her misery, the source said Barbra was particularly upset that husband James Brolin couldn't find the time to accompany her to the doctor for her recent visit.

"James is working on his new CBS show, 'Life in Pieces,'" said the source.

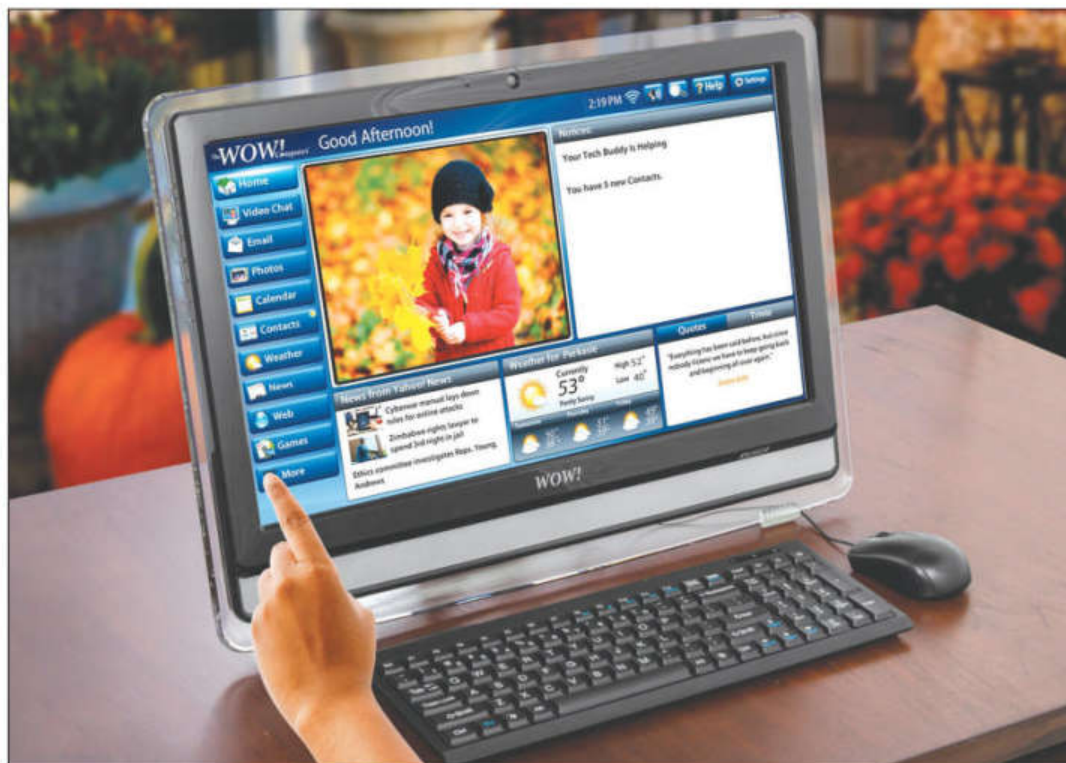

"But Barbra thought he could have taken an hour out of his day to be by her side."

The ENQUIRER has reported Barbra and James, 75, are headed for a \$550 million divorce after years of fighting.

Added the source: "While her and James don't seem to see eye-to-eye on anything these days, she still wants him there when she's in trouble." **NE**

CASE No. 1

A LONG-LOST Secret Service report — exclusively uncovered by The National ENQUIRER — could send Hillary Clinton to jail for covering up the murder of her lover, Vince Foster!

The secret “memorandum” directly contradicts the White House version of Foster’s death — and exposes shocking evidence that Hillary conspired to hide the truth about her relationship with Foster.

The White House announced the lawyer shot himself to death on July 20, 1993, and his body was found slumped next to a Civil War cannon in a “grassy area” of Ft. Marcy Park in McLean, Va.

But that’s not what’s revealed in the secret memorandum!

According to the explosive document, U.S. Park Police “discovered the body of Vincent Foster in his car” at the park. A gun — described as “a .38 cal. revolver” — “was (also) found in his car,” the document said.

THE SECRET SERVICE report — verified as “official” by The ENQUIRER — was sent by telex to the agency’s “Intelligence Division” by Special Agent Scott Marble at 10:01 p.m., noted in military time as 22:01, on the day of Foster’s death.

It’s the smoking gun that will forever end Hillary’s hopes of sitting in the Oval Office, sources said.

“This official document uncovered by The National ENQUIRER will send Hillary Clinton to jail!” Larry Nichols, once a close aide to the Clinton family, told

HILLARY FA OVER MURDER

Secret Service report reveals
**SHE LIED ABOUT LOVER
VINCE FOSTER’S DEATH**

ON THE EVENING OF 7/20/93. UNKNOWN TIME, US PARK POLICE DISCOVERED THE BODY OF VINCENT FOSTER IN HIS CAR. THE CAR WAS PARKED IN THE FT. MARCY AREA OF VA

The ENQUIRER.

“It exposes her as a liar and plays to the heart of the cover-up of Vince Foster’s death.

“What’s clear now is, in the aftermath of his murder, there was a mad scramble to get Vince’s body out of the White House. The plan was to dump him in the park, but something may have happened and he was actually found in his car!”

“This is an unbelievable disclosure!” added Nichols. “To make the cover-up even more bizarre, photos were released of Vince’s body that showed him on the ground in the park!”

As The ENQUIRER reported in May,

investigator Robert Morrow

unearthed bombshell new evidence to suggest Foster, a deputy White House counsel under then-President Bill Clinton, was shot to death in his White House office.

Then, under directions from Hillary, Foster’s body was moved from to the park so the investigation wouldn’t be under the jurisdiction of Washington, D.C., police but instead in the hands of the U.S. Park Police.

According to Morrow,

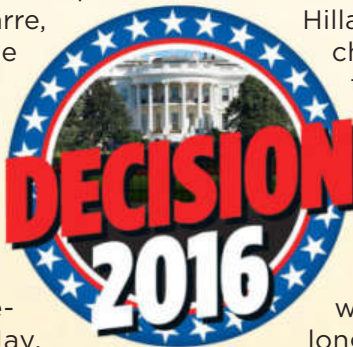

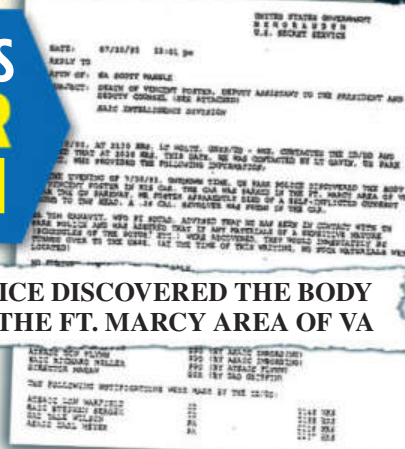

Hillary personally orchestrated the plot to smuggle Foster’s 6-foot-4, 200-pound corpse into a waiting government car.

“Vince’s body was wrapped in a long, shag, multicol-

ored carpet,” Nichols told The ENQUIRER.

IN A FIVE-PAGE 1994 letter sent to independent counsel Kenneth Starr by then-Indiana Republican Congressman Dan Burton, it was revealed an FBI lab report concluded “carpet fibers of various colors were found on Mr. Foster’s jacket, tie, shirt, shorts, pants, socks and shoes. No effort was made to match these fibers,” the politician noted.

The lab report also said, “blonde to light brown hairs of Caucasian origin” that did not belong to Foster were found on his clothes and shoes — “and no efforts were made” to match them to Foster associates.

ACING JAIL R COVER-UP!

Vince (above) with his love Hillary and, sadly, in his casket (right)

Hillary constantly and Hillary knew

IN THE MONTHS following Foster's death, rumors swirled that he was murdered by a hit man because "he knew too much" about the Whitewater investment scandal, other Clinton misdeeds and Bill's "bimbo eruptions."

Foster — who attended kindergarten with Bill Clinton in Hope, Ark. — was a partner in Little Rock's prestigious Rose Law Firm. Hillary joined the law firm after she married Bill.

In his book, "The First Family Detail," author Ronald Kessler wrote, "Bill was cheating on

it. Vince was very sympathetic to Hillary. They developed a deep friendship. They also worked late together many nights — and Vince fell in love with Hillary."

With the discovery of the Secret Service document, a "new investigation will surely be opened that will expose the cover-up and send Hillary to jail!" Nichols told *The ENQUIRER*.

HILLARY'S PRIVATE AMERICA

■ National security **COMPROMISED**

■ Obama to green-light **PROSECUTION**

■ Feds probe **TAX-DODGING** charges

HILLARY Clinton's controversial email scandal could put her behind bars for life. The National ENQUIRER has learned in a bombshell world exclusive.

What's more, top sources in Washington, D.C., claim President Barack Obama won't lift a finger to rescue his former secretary of state from prosecution!

"A top-secret Justice Department investigation is taking place that could send Hillary up the river — meaning life behind bars!" an insider close to the case revealed.

"Through special electronic forensics work, probes have captured 'highly sensitive' emails that Hillary sent from her personal server while (she was) secretary of state that endanger U.S. national security and violate federal laws."

Another snitch told The ENQUIRER: "Investigators can't believe 'how stupid' Hillary was — sending upwards of 30,000 highly sensitive emails from her personal server."

While Hillary has given her server to the Justice Department as part

of the probe, she's denied the server was "hacked" — or any national security secrets were obtained from it.

The Democratic presidential hopeful has also insisted she's done nothing illegal. "This is overheated rhetoric, baseless charges," she blasted.

But the source claimed President Obama has been told she's broken the law, and once she's charged, he'll green-light her prosecution.

"Don't expect Barack Obama to help Hillary!" said the source.

"He and First Lady Michelle despise the Clintons because of all the dirty tricks they tried to pull on them during the 2008 campaign.

It's suspected that Bill and Hillary improperly benefited from her government job

ENQUIRER'S CHALLENGE TO CLINTON

"While Barack will not publicly endorse prosecuting his former secretary of state, he's not going to step in and pardon her. Hillary is going to jail!"

AS PART OF the secret federal investigation, Hillary's role in a murky tax-dodging case involving the Swiss bank UBS AG is also being examined, The ENQUIRER has learned.

In 2009, the IRS demanded UBS turn over the names of U.S. citizens who allegedly stashed an estimated \$18 billion in its vaults in 52,000 undeclared accounts.

"We should get all the accounts," IRS Commissioner Douglas Shulman said in a Senate hearing.

The IRS backed down, however, after

the Swiss government raised a stink with then-Secretary of State Hillary on behalf of the giant bank.

UBS agreed to cough up information on just 4,450 accounts, and it went on to lavish money on the Clintons and their charity!

It paid Bill a whopping \$1.5 million to participate in 11 panel discussions with one of its top brass — making UBS Bubba's biggest corporate source of speech income since he left the White House.

ON TOP OF THAT, by the end of 2014, UBS increased its donations to the Clinton Foundation from under \$60,000 through 2008 to about \$600,000, The ENQUIRER learned.

UBS also pledged \$32 million in loans to inner-city businesses as part of a Clinton Foundation "initiative."

"Bill and Hillary both should be indicted over this," Washington political consultant Roger Stone, who co-authored the book "The Clintons' War on Women," told The ENQUIRER. "She took action in her capacity as a political official to do a favor for a private company, and it sure looks like Bill and the family got something in return."

Added the source: "The feds want to make the point to America and the world that no one is above the law — regardless of her being a former first lady, senator and secretary of state, and now a candidate for the White House. Hillary won't end up there — instead, she'll end up in the big house!"

- SHARON CHURCHER

PRESIDENTIAL wannabe Hillary Clinton's frequent and mysterious medical crises have raised serious doubts about her ability to serve as leader of the free world!

The National ENQUIRER has been leading the investigation into this critical question, and other national media have begun to take notice.

Experts at Politico and The Washington Times have joined the chorus of concern, and author Ed Klein's latest book, "Unlikeable: The Problem with Hillary," includes sharp accusations of serious health problems that could disable the former first lady.

In hope of defusing the growing controversy, the Clinton campaign has offered press releases with bland assurances from Hillary's personal physician — but no concrete information.

The ENQUIRER is challenging the Democratic front-runner to undergo a full and complete examination by a team of independent doctors and specialists to assure the American voters she is absolutely able to fulfill the most important job in America.

Step up to the stethoscope, Hillary, and prove you are presidential!

It has long been speculated whether Webb Hubbell, right, is Chelsea's real dad

Chelsea refuses to identify her REAL FATHER

CHELSEA Clinton is playing coy when it comes to questions about her true identity!

Three months after The National ENQUIRER exclusively reported Chelsea could be the daughter of mom Hillary's former law partner, Webb Hubbell, she was questioned publicly about the bombshell report and didn't deny it!

While Chelsea was in Austin, Texas, promoting her book, conservative activist Robert Morrow asked her: "Has your mother ever told you that you're the daughter of Webb Hubbell, and not Bill Clinton?"

The former first daughter responded: "I am so proud to be my parents' daughter," without naming her parents! "It's interesting that she didn't just outright deny it," a D.C. insider said.

In July, the results of an exhaustive ENQUIRER investigation obtained "touch DNA" samples from items touched by both Chelsea, 35, and Webb, 67, at public events. The samples were turned over to a nationally recognized laboratory that specializes in paternity testing.

In a bombshell revelation, The ENQUIRER learned the lab result was "inconclusive."

A lab official confirmed that finding "does not discount the possibility" that Webb could be Chelsea's biological dad!

In an interview with The ENQUIRER, Bill's former aide, Larry Nichols, said: "It's time for Hillary and Bill to reveal the dirty truth once and for all!"

Larry also claimed Bill admitted he wasn't the biological dad of the couple's only child during a 1984 conversation.

Added the insider: "I think Chelsea's non-denial is going to be big trouble for Hillary's campaign."

Cosmetic surgery to look less like Webb Hubbell!

EX-FIRST daughter Chelsea has gone under the knife to avoid the latest Clinton scandal, The ENQUIRER has learned!

Roger Stone has claimed in his book, "The Clintons' War on Women," that Chelsea "looks exactly like" Webb Hubbell. It also reported she had surgery on her nose, lips and chin in her 20s to remedy that issue.

According to Roger, before-and-after photos shown to a plastic surgeon confirmed "her nose has been changed, her lips thinned and her jaw changed. Said the surgeon: "It's designed so she doesn't look like Webb."

ENQUIRER hailed for 'Ben the Butcher' scoops!

THE National ENQUIRER's report on the six appalling malpractice lawsuits filed against Republican presidential candidate Ben Carson has touched a nerve in the national media!

Host Emily Rooney of "Beat the Press," which airs on the Boston-based public TV channel WGBH, credited The ENQUIRER for being the first news outlet to

report the scandal.

In an Oct. 9 segment titled "Bad Medicine," Emily knocked the mainstream press for dragging

its feet on reporting the lawsuits.

As The ENQUIRER reported, one suit accused Carson of leaving a sponge in a patient's brain.

The website FunnyOrDie also spoofed a hilarious campaign ad with whacked-out brain surgery patients urging voters to elect "Dr. Bren Carpsen!" **NE**

ENVIRONMENTALISTS want to preserve Earth's resources — by shrinking the next generation of humans!

S. Matthew Liao, Clinical Associate Professor of Bioethics at New York University, is one of many activists supporting “human engineering” to create smaller people who will take up less space on the planet.

“There’s this technique called ‘preimplantation genetic diagnosis,’” explained the professor.

“You can detect, sort of, genetic diseases. So the idea is that maybe you can use the technique like that to select smaller children!”

Liao’s vision involves giving newborns a series of hormone shots that will “close the growth plates” and literally stunt a child’s natural development.

“We already give hormone treatments to

children who are expected to be very, very tall,” he rationalized.

“Larger people consume more energy than smaller people. For exam-

‘HONEY, LET’S SHRINK THE KIDS!’

Scientists plan to save the world by stunting children’s growth

ple, it takes more energy to transport larger people. They wear out shoes, carpet, etc., more than smaller people.”

Liao isn’t concerned with how kids will feel about growing up smaller than average

humans. In fact, he thinks they may thank scientists one day!

“Climate change would seriously affect the well-being of millions of people,” he explained.

“These children may also lat-

THIS WEDDING TAKES THE CAKE

WEDDINGS are often a cause for a few happy tears, but nothing compares to the sugar-sweet ceremony that quietly took place in an Albany, N.Y., hospital room.

A big-hearted nurse made a four-year-old cancer patient’s wish come true by “marrying” her!

Cutie pie Abby Sayles, who suffers from pre-B-cell acute lymphoblastic leukemia, has a huge crush on her nurse Matt Hickling.

When Abby, who is receiving chemotherapy treatments, told her mom and Lori

Abby called her wedding day “the best day ever,” said her mom

Ciafardoni, another nurse at the Melodies Center at Albany Medical Center, the secrets of her tiny heart, they swung into action.

It didn’t take much to persuade Matt.

“Our patient shyly asked me to marry her,” he wrote on his Facebook page. “I didn’t hesitate to say yes.”

In less than a day they put together Abby’s dream wedding. A florist donated a bouquet for Abby, who wore a white dress, and a boutonniere for Matt, who wore a T-shirt tuxedo.

The hospital staff and pa-

tients played guests, while nurses acted as bridesmaids as Abby walked a floor scattered with rose petals.

“I got a huge hug and we sealed the deal with ring pops being placed on our fingers,” Matt wrote. Added Abby’s mom: “We are both in awe from today’s visit and smiling ear to ear and blessed to have all these people in our lives.” **NE**

er appreciate and consent to the parents' decision."

THE PROFESSOR'S enthusiasm for human engineering includes other unusual ideas.

"Some people will simply refuse to give up eating red meat," Liao noted, and suggested altering an infant's body to create "a mild intolerance" for consuming cows.

Liao is also excited about injecting children with "pro-social" hormones that he believes will make them "more willing to share money with strangers."

The professor dismissed comparisons with Nazi scientists, who were also interested in human engineering, and said shrinking children is a humane alternative to the "one-child policy" enforced on families in China.

As he explained: "Human engineering could give families the choice between two medium-sized children or three small-sized children!"

After the "romantic" ceremony, the guests socialized and gushed on wedding cake

ROMAN GLADIATORS FROZEN IN TIME FOR OVER 1,600 YEARS

FOUND: 1,600-YEAR-OLD ROMAN GLADIATOR COINS

HOLD THE GLORY OF ROME IN THE PALM OF YOUR HAND

When your famous father appoints you Caesar at age 7, you're stepping into some very big sandals. But when that father is Emperor Constantine the Great, those sandals can be epic!

Constantius II, became Caesar at 7, and a Roman Emperor at age 20. Today, he is remembered for helping continue his father's work of bringing Christianity to the Roman Empire, as well as for his valiant leadership in battle.

But for many collectors, his strongest legacy is having created one of the most fascinating and unique bronze coins in the history of the Roman Empire: the "Gladiator's Paycheck".

THE GLADIATORS PAYCHECK

Roman bronze coins were the "silver dollars" of their day. They were the coins used for daily purchases, as well as for the payment of wages. Elite Roman Gladiators—paid to do battle before cheering crowds in the Colosseum—often received their monthly 'paycheck' in the form of Roman bronze coins.

But this particular Roman bronze has a gladiator pedigree like no other! Minted between 348 to 361 AD, the Emperor's portrait appears on one side of this coin. The other side depicts a literal clash of the gladiators. One warrior raises his spear menacingly at a second warrior on horseback. Frozen in bronze for over 1,600 years, the drama of this moment can still be felt when you hold the coin. Surrounding this dramatic scene is a Latin inscription—a phrase you would never expect in a million years!

HAPPY DAYS ARE HERE AGAIN

The Latin inscription surrounding the gladiators reads: "Happy Days are Here Again" (*Fel Temp Reparatio*).

You see, at the time these coins were designed, the Emperor had just won several important military battles against the foes of Rome. At the same time, Romans were preparing to celebrate the 1100th anniversary of the founding of Rome. To mark these momentous occasions, this new motto was added and the joyful inscription makes complete sense.

A MIRACLE OF SURVIVAL FOR 1,600 YEARS

For more than sixteen centuries, these stunning coins have survived the rise and fall of empires, earthquakes, floods and two world wars. The relatively few Roman bronze coins that have survived to this day were often part of buried treasure hoards, hidden away centuries ago until rediscovered and brought to light.

These authentic Roman coins can be found in major museums around the world. But today, thanks to GovMint.com, you can find them a little closer to home: **your** home!

LAMAR OUT COLD

CONTINUED FROM PAGE 11

within hours of the life-and-death emergency, in a frantic attempt to remove a pink and black duffel bag seen in one photo.

When asked by an ENQUIRER reporter Oct. 16 what he did with the bag's contents, he said: "I'm not even going to entertain answering that!"

Hof told The ENQUIRER that Lamar admitted abusing drugs before he arrived on Saturday, Oct. 10.

"He told me he'd done some coke, but claimed he didn't bring any because he knows drugs are banned here," Hof said.

"I wanted to take him at his word, but I know drug addicts lie!"

LAMAR DROPPED \$75,000 to party "24/7" with two blonde hookers — Ryder Cherry and Monica Monroe — for a planned five-day stay.

"But we never had sex with Lamar — not once!" Ryder told The ENQUIRER in an exclusive interview. "He didn't even kiss us or touch us the entire time!"

In what could become vital to the law enforcement probe, Ryder admitted that on Lamar's first night at the brothel she provided him with marijuana "edibles"!

During his stay, the 6-foot-10, 230-pound athlete also boozed and consumed at least a dozen herbal Viagra-like tablets — sex-enhancement supplements called "Reload," which are banned by the FDA because they dangerously interact with other drugs.

RYDER CONFESSED how Lamar was depressed, saying how "deeply in love he still was with Khloé." At the time, she suspected he was using cocaine.

"I heard snorting sounds when he was in the bathroom. It definitely sounded like he was doing coke," she told The ENQUIRER.

Another source said Lamar "must have wanted to kill himself" because he foolishly shot himself up with a killer speedball!

"Either he did it or someone came in wanting to see him dead and shot him up," the source told The ENQUIRER.

Ryder said when Lamar was discovered around 2:30 p.m. on Oct. 13, "It was just horrible. Blood was coming out of him. He wouldn't wake up. I even tried to ice his genitals. Someone said that might revive him, but it didn't!"

CAUGHT ON CAMERA LAMAR INSIDE THE LOVE

A SECRET surveillance video showed Lamar Odom popping pills inside a Nevada brothel — and The National ENQUIRER has exclusively obtained the shocking footage.

TJ Moore, general manager of the Love Ranch South, told The ENQUIRER a copy of the video was seized by police as part of their investigation.

The blurry footage was recorded on

Oct. 10, the day Lamar arrived.

The reality television star and basketball player is seen slumped at a table around 5:30 p.m., while a woman in a thong and bikini top fetches him drinks.

"Lamar can be seen on the surveillance video pulling a plastic baggie out of his pocket with what looked to be pills in it," TJ told The ENQUIRER. "He took out a pill and placed it in his mouth and then

chased it down with a drink.”

Another image from a security camera in the cathouse, also obtained by The ENQUIRER, reveals Lamar walking down a hallway behind two women — one wearing a skimpy outfit and the other in a short black dress.

TJ said: “Lamar ordered a bottle of Cristal champagne and left to return to his suite with them.”

LAMAR

How Kardashians milked Odom for ALL HE'S WORTH!

THE Kardashians don't give a f--k about my son! Lamar would be better off without them!”

With those fiery words, Lamar Odom's father, Joe, blasted the reality TV clan in a world exclusive interview with The National ENQUIRER in 2013.

In a bitter tirade, Joe blamed his son's marriage to Khloé Kardashian for the former NBA star's spiralling drug woes.

The ENQUIRER has now learned the publicity-hungry family continued to exploit Lamar right up to his cocaine-fueled

Khloé had moved on. They knew the big guy was hurting, but they had no problem using him as a punch line!”

In an earlier episode, producers even included a mean-spirited question shouted at Khloé: “Are you going to pick Lamar up from Skid Row tonight?”

After Lamar was found, one report suggested the trigger for his overdose was the Kardashians' insistence on talking about him on their high-rated E! show.

Said the source: “Lamar told some hookers at the bordello that he felt like he was being used by Khloé and her family. They were capitalizing on his real-life pain after tossing him aside!”

Following the tragedy, the Kardashians tried to muzzle brothel owner Dennis Hof from speaking to the media.

Adding insult to injury, Lamar and Khloé's divorce had not been signed by a judge, meaning Khloé was the sole beneficiary of Lamar's \$10 million life insurance policy — if he passed away.

Said the source: “Talk about exploiting a guy to his grave! Certainly Lamar's two out-of-wedlock kids could use that money, but the Kardashians will only get richer — as their money-grubbing ‘momager,’ Kris Jenner, would no doubt like it!” **NE**

A source told The ENQUIRER: “On the ‘Keeping Up With the Kardashians’ episode that aired on Oct. 11 — just two days before Lamar was found unresponsive — he was STILL being used as a story line.”

NANCY TO THE RESCUE FOR IMPOTENT SINATRA!

Fumbling Frank sought Reagan's support

CROONER Frank Sinatra turned to Nancy Reagan in his final years, desperate for feminine companionship — because of his impotency!

That bombshell revelation comes from the upcoming blockbuster book, “Sinatra: The Chairman,” which has been exclusively obtained by The National ENQUIRER.

Two years after Frank performed at President Ronald Reagan's 1981 inaugural gala,

he was “spending more and more time apart” from fourth wife Barbara, revealed author James Kaplan.

Frank had enjoyed torrid affairs with beauties like Lana Turner, Marilyn Monroe and Angie Dickinson, but his problems with Barbara had more to do with his “impotence” rather than infidelity, added the author.

In Kitty Kelley's “His Way,” published in 1986, the author insinuated Nancy and Frank

had a steamy affair.

But according to James, Frank was pouring his heart out to Nancy about “his marital problems.” Sadly, health problems soon followed.

He collapsed during an Atlantic City performance due to an intestinal inflammation. “Doctors removed a length of intestine and attached a co-

lostomy bag,” said James.

By November 1996, Frank needed open-heart surgery, but his doctors said his body was too weak to survive it.

And while Barbara said she sat by Frank alone as he passed, James claimed she was there with a publicist — plotting to turn Frank's death into a “massive media event!”

THE bitter feud between “The Good Wife” star Julianna Margulies and Archie Panjabi — who played investigator Kalinda Sharma for six seasons — has erupted once more after angry Archie outed Julianna's lies!

On the show, Julianna's character, Alicia Florrick, froze out Kalinda after learning her pal had slept with her sleazeball husband, Peter.

Offscreen, insiders said, jealous Julianna refused to shoot scenes with Archie after the support-

ing actress landed an Emmy in 2010 for her “Good Wife” role.

Julianna even remained bitter after finally winning her own “Good Wife” Emmy in 2011!

When a disgusted Archie finally left the show this year, the two characters' final chat together in a bar was clearly

two separate scenes spliced together with body doubles!

“I feel people just like to have gossip or make something into something that isn't there. There's no animosity on my part,” insisted Julianna — claiming the final scene was shot the way producers “want-

ed to shoot it,” and that Archie had been unavailable “doing another show.”

But an outraged Archie has gone public with the truth, declaring her new show “was not even in production at that time, and I was in New York ready to film the scene!” **NE**

GO BANANAS WITH YOUR NEXT WORKOUT!

YOU can get more out of your exercise routine if you SNACK while busting your buns, according to experts. Lots of people swear by sports drinks — but those are often filled with sugar or loaded with chemicals. You can receive the same performance-enhancing nutrients that restore carbohydrates and minerals by turning to an all-natural food source that's portable and delicious: bananas!

The potassium-packed fruit offers an instant natural energy boost!

THIS MENU BEATS MELANOMA

SKIN cancer affects 5 million people each year. You can wear sunscreen for protection, but there are also foods that strengthen the skin's natural defenses. "Orange Foods" — including pumpkin, carrots and sweet potatoes — are loaded with skin-enriching beta-carotene, plus vitamins B and C. "Green Foods" include lettuce and broccoli, and offer antioxidants, which prevent cell damage, plus vitamin C. "Red Foods" such as cherries, raspberries and tomatoes offer the highest antioxidant counts.

PAIN-FREE EXERCISE OPTIONS

AGE often introduces new chronic pains, but being sedentary is an unhealthy way to avoid those aches. Weight-training or running may be out of the question, but there are other options — like gentle yoga exercises that can keep you fit and limber without putting strain on your joints. Swimming and water aerobics both offer low-impact, high-return fitness results. Walking is easy on the knees and helps you maintain cardiac fitness while shedding pounds. Get those knots worked out through simple stretching, which can eliminate inflammation and maximize your ability to bounce back from pain!

Good stuff causes bad tooth decay!

EVERYONE knows candy and soda cause tooth decay, but also watch out for cavity-causers that can sneak into your diet! Chewable vitamins look and taste like gummy candies. Sadly, they're just as bad for your teeth! The sugary substance adheres to teeth and causes decay — so stick with non-chewable pills! Barbecue sauce tastes great, but discolors teeth and is loaded with sugar. Make sure to brush after each indulgence! Pressed fruits and veggies are good for you, but they're ALSO high in sugar. The best way to enjoy juice is to use a straw to ensure the liquid misses your pearly whites!

FIDGETING IS GOOD FOR YOUR HEALTH!

GO AHEAD and squirm in your seat. New research suggests it's good for you! Long periods of sitting have been linked to health risks, experts said — including obesity, heart disease and even early death! But fidgeting may counteract the adverse effects, according to researchers who studied nearly 13,000 women, ages 37 to 78. "Fidgeting may offer enough of a break to make a difference," said Dr. Gareth Hagger-Johnson.

SMOOTH country crooner Keith Urban has been caught in a web of lies and blondes — and wife Nicole Kidman is livid, *The National ENQUIRER* can reveal. The “American Idol” judge “handpicked” a stunning young blonde to join him onstage — and the sexy gal left Keith gasping over her looks in front of 25,000 fans!

Luscious 22-year-old Sierra Black, the winner of a “Sing With Keith Urban” contest, joined the superstar at a packed Las Vegas concert on Oct. 3 and performed Miranda Lambert’s part in Keith’s hit, “We Were Us.”

“Keith couldn’t keep his eyes off her,” an eyewitness said. “It’s without a doubt Nicole’s worst nightmare.”

When their steamy cover was done, Keith, 48, was visibly overwhelmed, breathing into the microphone: “Sierra Black ... flawless.”

Shockingly, Keith claimed never to have met Sierra when he introduced the rising star to the audience. But a 2014 photo exclusively obtained by *The ENQUIRER* tells a different story!

“I actually met him a year ago at a meet-and-greet for one of his concerts,” said Sierra. “I was starstruck at the time but one thing I took away from it was how good he smelled. He smelled so, so good, it was amazing.”

The stunner said she didn’t think Keith would remember — but only a blind man could fail to notice the long-tressed beauty!

Not only that, but Keith, who

Jewel spills the juice on family heartbreak

FOLK singer Jewel revealed the heart-wrenching twin tragedies in her family history — an abusive father and a greedy mom — in a candid new memoir.

“I’m not bitter and I’m not vindictive,” Jewel, 41, said of penning “Never Broken,” which coincides with her new album. “For me, it’s about illustrating what a person could go through, and how you rise and how you heal.”

Jewel and former momager Nedra

Much of that healing involved Jewel’s ex-momager, Nedra Carroll, whom she hasn’t spoken to in years and who reportedly bilked Jewel out of music money.

“I don’t think things were quite what I thought they were,” admitted Jewel in a recent interview. “It was a pretty heartbreaking realization.”

The “You Were Meant for Me” songwriter confided: “The biggest

The star watched hours of video before selecting Sierra as the winner who would perform the intimate song with him.

"He nudged me to come in closer and when he did that, I thought, 'Game over, he's ready to rock on,'" said Sierra.

This is the second time Keith has been caught working his charms while Nicole, 48, is thousands of miles away, performing in a London theater!

There have been recent eyewitness reports of his tour-supporting act, Kelsea Ballerini, 22, sneaking off with the star. Photos emerged of Kelsea smiling after spending

20 minutes with Keith in his trailer at a July 29 show in California. Nicole saw the pictures and was furious, said a source.

"She called Keith as soon as she heard and demanded to know what women he'd been hanging around with in his trailer," the insider said.

betrayal for me was really on a personal level."

Their relationship was so painful — and so fraught with legal land mines — that parts of "Never Broken" were toned down before publication.

Jewel still dropped truth bombs.

"I can't tell you about the pain, and how my heart to this day screams to have a mom in my life," she wrote.

"Every day I miss having a

mom. But I don't miss Nedra."

Jewel's book also discusses how dad Atz Kilcher became alcoholic and abusive, and led to her moving out at 15.

Though she eventually made peace with Atz — he gave her permission to write about him — she and Nedra never mended fences.

"I hope that, if anyone takes anything away from my book, it's that nothing's black and white," she said. **NE**

Healthy and beautiful hair

*I panicked – my hair
was falling out!*

Like every woman, I want thick and full hair. But about six months ago I noticed my hair starting to fall out. I would find hairs in the shower and lots on my brush. I was very concerned so I went to my pharmacy to ask for advice.

THE SECRET TO BEAUTIFUL HAIR

The pharmacist directed me to Hair Volume, a well-known hair tablet from Sweden. The tablets which are based on an apple extract, contain vitamins to help restore and maintain a healthy

nutritional balance in the hair follicles. I was told that temporary hair loss due to lack of nutrients or changes in lifestyle is very common. I was a bit skeptical but wanted to give it a try.

IT WORKED FOR ME

Now I have been using Hair Volume for 3 months. My hair has normalized and I do not suffer from hair loss. I am really happy about this and strongly recommend this product."

O.J. & BRUCE'S LARK IN THE PARK!

IMPRISONED former football great O.J. Simpson carried on a secret "bromance" with Olympian Bruce Jenner — and The National ENQUIRER has photographic proof!

In the bombshell picture, the two men were caught slipping away for a clandestine get-to-

gether in a Los Angeles park in the early '90s.

A spy-witness told The ENQUIRER: "They were hanging around this park together and seemed very happy to be in each other's company!"

"I saw them disappear together behind a bush for a while. I couldn't believe it!

"I had no idea what they were doing, but when they emerged, they had big smiles on their faces!"

As The ENQUIRER recently reported, sources said 68-year-old Simpson dreams of making the gender-bending Caitlyn, 66, his prison bride.

"Bruce and O.J. have a lot in

common," said an insider.

"They were two of the biggest sports stars of the '70s, they ran in the same circles and they were adored by women everywhere!"

The pair began spending time together when Simpson was married to Nicole Brown, and Bruce was wed to now ex-wife Kris Jenner, who'd been wed to Simpson's attorney, Robert Kardashian, according to Simpson's former

Meg, 53, was stunned when 64-year-old John rebounded with the still-stunning 61-year-old supermodel just weeks after their June break-up. But she quickly found comfort with Russell, 51, who was dumped by ex-wife Danielle Spencer, 46, three years ago.

Final bell tolls for gravely ill Ali

Ali spends his days watching TV Westerns or tapes of his fights!

BOXING great Muhammad Ali is almost completely immobile, and has even lost the ability to smile!

It's the latest setback for the man whose face has long been famous around the world. At 73, "The Greatest" has battled Parkinson's disease for 35 years.

"Sadly, it's the end for the beloved champ," a source told The National ENQUIRER. "Ali's camp is finally having to come clean about his heartbreaking condition. He's continuing to deteriorate. He's dying!"

In early October, Ali's wife, Lonnie, released new details of his sad decline.

Referring to his inability to smile, Lonnie said: "That's the Parkinson's mask. He feels emotions, but he can't show emotion with his face."

The ENQUIRER can also report the three-time heavyweight champ can no longer hold up his chin for more than a few minutes after undergoing surgery for cervical stenosis, or pinching of the spinal cord in the neck, in 2013.

The stenosis has so ravaged Ali's body that he needs a walker to get around, and frequently uses a wheelchair.

The man who once rhymed his way through interviews is no longer able to speak to reporters and is rarely seen in public.

Frail, baseball-loving ex prez has *thrown his last pitch*

FORMER President George H.W. Bush is facing his sad final days, The National ENQUIRER has exclusively learned.

"He's frail, and looks like all life has been drained from him," an eyewitness told The ENQUIRER after the 91-year-old World War II hero appeared at an Oct. 11 baseball game in his Houston, Texas, hometown.

Onlookers were alarmed to see "the elder Bush" in a

wheelchair and wearing a neck brace!

With beloved wife Barbara, 90, at his side, the ex-Commander-in-Chief struggled while bravely trying to throw out the ceremonial first pitch at an American League play-off game between his Astros and the Kansas City Royals.

"George is trying not to let on how badly he's doing. He's suffering from a host of health woes — and sadly, it appears he's at the end," the source said.

The 41st chief executive

broke a bone in his neck in a fall at his summer home in Kennebunkport, Maine, on July 15. He was rushed to the Maine Medical Center in Portland, where he spent four days.

Back in 2011, "Bush 41" admitted he has "a form" of Parkinson's disease, which left him unable to walk. He needs a wheelchair or scooter to get around.

On Nov. 23, 2012, the lifelong Republican was admitted to Methodist Hospital in Houston for treatment

of bronchitis. The infection was so virulent he wasn't discharged until Jan. 14, 2013 — 52 days later!

With family at his hospital bedside, he laid his hand on his then-pregnant granddaughter Jenna's belly and said: "There's death — and there's new life."

Son George W. Bush revealed in his book, "41: A Portrait of My Father," that his situation is dire.

"It's painful to watch him fade away," the insider told The ENQUIRER. **NE**

BATTLE OF THE HORNDOGS!

Obama & Kroft face off ... but it's a lech fest letdown!

IT WAS the “Commander-in-Cheat” vs. the “Sexty Minutes” horndog!

For the first time since The National ENQUIRER exposed his cheating scandal, “60 Minutes” newsman Steve Kroft interviewed President Barack Obama on the CBS news magazine Oct. 11.

A TV insider told The ENQUIRER: “Steve is one of Barack’s favorite interviewers. They talked about everything — the conflict in Syria, ISIS and the presidential candidates.

“But what you really wanted to hear was them comparing notes on their extramarital affairs! Sadly, viewers were

left disappointed!”

The ENQUIRER has long reported Barack’s White House womanizing, and how his skirt-chasing has pushed furious First Lady Michelle to the brink of divorce.

Steve, meanwhile, earned his cheating stripes when The ENQUIRER exposed him in January for carrying on a three-year adulterous affair with hot New York lawyer Lisan Goines behind the back of his wife, author and journalist Jen-net Conant.

In an undercover sting, The ENQUIRER caught the 70-year-old love rat with his married mistress last December. The pair were leaving Manhattan’s Essex House hotel.

Steve later confirmed the affair and blamed it on “a serious lapse of personal judgment.”

Added the source: “No doubt Barack felt sorry for him. Cheaters stick together.”

Elvis' love shack

THE “Honeymoon Hideaway” built from the proceeds of “Heartbreak Hotel” and other hits is now the ultimate Elvis Presley collectible!

Elvis and new bride Priscilla moved into this Palm Springs, Calif., mansion in 1967, with the high-tech house providing plenty of privacy at the end of a cul-de-sac.

There was still lots of room to entertain in the four-bedroom house that includes a pool, a tennis court and lush gardens!

For additional Elvis value, the surreal estate was also used by producers as a set in two of The King's feature films!

The property's price has even been all shook up — now going for \$6.93 million after being originally listed for \$9.5 million.

Teresa aims to thrive off baby No. 5!

TERESA Giudice plans to get out of prison and get back on “The Real Housewives of New Jersey” with a new baby!

“She'll have three months to get pregnant after she's released in December,” said a show insider.

“Then her husband, Joe, has until March to start serving his own prison time over their fraud charges.”

The 43-year-old jailbird is eyeing a big payday if she can get pregnant with Joe, 45.

“Teresa's dreaming of her own reality show about a pregnant mom with four daughters and a husband in prison. She can sell exclusive pics of the newborn and of Joe seeing the baby in prison, and even pull in baby product endorsements!”

Joe is already on board with Teresa's big idea.

“He wants her making money,” said the source, “and it's a chance to finally have a boy!”

Classic ENQUIRER

A LOT of Liberace's biggest fans were genuinely shocked when The National ENQUIRER blew the lid off the closeted star's gay love life this week in 1982. The flamboyant pianist had spent years playing coy, but jilted lover Scott Thorson revealed intimate details about their six-year affair — including Liberace's abusive attacks and his empty promises to adopt Scott as a son!

Heavy Haylie

SHOCKED friends are worried Haylie Duff is eating her fiancé out of their house and home!

The former tween starlet, 30, moved in with her longtime love, Matt Rosenberg, two months after giving birth to baby daughter Ryan in May — but Haylie may be getting too comfortable!

“Matt wasn't ready for Haylie to dedicate all her time to her ‘Real Girl's Kitchen’ empire,” dished an insider.

“Instead of losing the baby weight, Haylie's been busy cooking and putting on the pounds!”

Matt isn't getting support from Haylie's star sister, Hilary, either!

“Hilary loves that Haylie's working from home,” said the source, “and thinks Matt needs to step up and have the ceremony soon!”

Halle hubby birthday bomb

HALLE Berry turned 50 shades of furious after catching husband Olivier Martinez plotting a surprise bash for her 50th birthday!

The Oscar-winning actress, whose big day arrives next August, wanted the milestone to fly under Hollywood's radar — and was enraged Olivier was calling attention to her age!

“Olivier's trying to keep the marriage alive, and

was planning a surprise destination party for his wife,” said a close pal of the troubled couple.

“He put together a star-studded invite list packed with A-listers from Spielberg to Oprah — but Halle found out and flipped!

“She doesn't want to accept that she's getting older, and sure doesn't want directors to see her that way. Now we're not sure if Olivier will even be around for her 50th!”

Cryptograms are coded messages. To solve the Cryptogram, each coded letter must be replaced by the answer letter in the box overhead. When you solve the code for a letter, write the answer letter in the box everywhere the coded letter appears. Look for common words and letter patterns to break the code. Retirement in Reverse: Better read this if you are 62 or older and still making mortgage payments.

**More than 1 million seniors
have taken advantage of
this "retirement secret."**

Americans are living longer. Home values are up. And for many senior citizens, their home is their single biggest asset, often accounting for more than 50% of their net worth.

With the cost of basic necessities such as food on the rise, it's no wonder why more and more seniors are using HECM reverse mortgages to turn their home equity into extra cash for retirement.

However, there are still millions of homeowners who could benefit from this FHA-insured loan but may simply not be aware of this "retirement secret," notes Former U.S. Senator Fred Thompson.

"You know, some people have told me that reverse mortgages sound too good to be true. You get cash out of your home, no monthly payments, and you still own your home," says Senator Thompson.

NO MONTHLY MORTGAGE PAYMENTS?* EXTRA CASH?

FACT: In 1988 President Reagan signed the FHA Reverse-Mortgage Bill.

It's true, no monthly mortgage payments are required with a reverse mortgage; the homeowners only have to pay for maintenance, property taxes, homeowner's insurance and, if required, their HOA fees.

In fact, reverse mortgages took hold when president

Ronald Reagan signed the FHA mortgage bill into law over 25 years ago to help senior citizens remain in their homes. "They're simply an effective way for folks 62 and older to get the cash they need to enjoy their retirement," notes Thompson.

Although today's HECM reverse mortgages have been greatly improved to provide greater protection for homeowners, there are still a lot of misconceptions. For example, many people mistakenly believe the home must be paid off in full in order to qualify for a reverse mortgage, which is not the case. One key benefit of a reverse mortgage is that it automatically pays off your existing mortgage, which frees up cash flow, a huge blessing for those on a fixed income.

Unfortunately, many homeowners who could benefit from a reverse mortgage don't even bother to get more information due

"It has been 3 months and now I have the peace of mind knowing that the money is here when I need it. I was able to pay down my credit card debt, get my car repaired, and make home improvements..."

- Ann, E. VA

to rumors they've heard. That's a shame because reverse mortgages are helping many seniors live a better life.

A recent survey by American Advisors Group (AAG), the nation's number one reverse mortgage lender, found that 97% of their clients were satisfied with their reverse mortgages.

If you're a homeowner age 62 or older, you owe it to yourself to learn more. You may be pleasantly surprised by what you discover.

*If you qualify and your loan is approved, a HECM Reverse Mortgage must pay off your existing mortgage(s). With a HECM Reverse Mortgage, no monthly mortgage payment is required. Borrowers are responsible for paying property taxes and homeowner's insurance (which may be substantial). We do not establish an escrow account for disbursements of these payments. Borrowers must also occupy home as primary residence and pay for ongoing maintenance; otherwise the loan becomes due and payable. The loan must be paid off when the last borrower, or eligible non-borrowing surviving spouse, dies, sells the home, permanently moves out, or does not comply with the loan terms. Call 1-800-791-8843 to learn more.
**Client image was changed to stock photography.

A HECM Reverse Mortgage increases the principal mortgage loan amount and decreases home equity (it is a negative amortization loan). American Advisors Group (AAG) works with other lenders and financial institutions that offer reverse mortgages. To process your request for a reverse mortgage, AAG may forward your contact information to such lenders for your consideration of reverse mortgage programs that they offer.

HOW TO PLAY

You must fill in every empty square in the Sudoku grid. There's no right way of going about this, but there is only ever one solution. The big grid is split into nine mini-grids. There are nine rows running left to right and nine columns running down. In every row, you must have each of the numbers 1, 2, 3, 4, 5, 6, 7, 8 and 9. These can be in any order. The same applies to columns and mini-grids: place every number 1 through 9 in each column and in each mini-grid.

GORILLA GOES GAGA OVER CUTE KITTENS!

Giant Koko adopts two as her babies

THE world's most amazing ape is now the world's most unusual mom!

Koko, the celebrity gorilla famous for communicating through sign language, has cuddly new additions to her family — a pair of adorable kittens!

The western lowland gorilla has long been famous for her nurturing nature. Koko first asked for a kitten for Christmas back in 1983, and was a national news story after receiving a gray and white Manx for her birthday in July 1984.

Sadly, the cat soon escaped her cage and was struck by a car. Koko, who had proudly named her new pet "All Ball" through American Sign Language, was devastated.

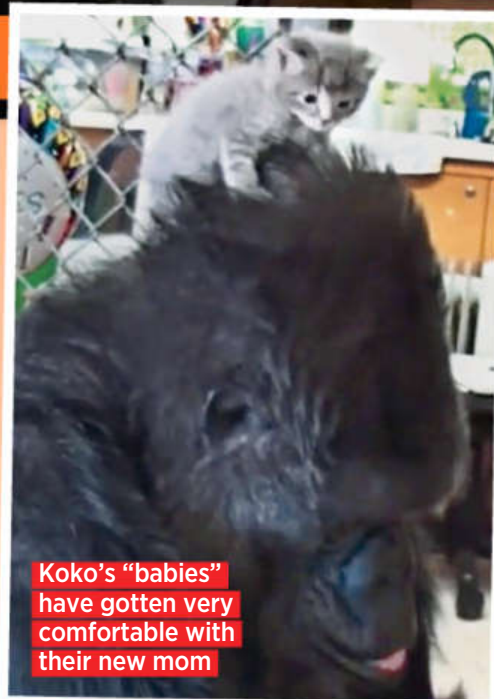

More recently, the empathetic ape was driven to tears when her handlers told her

that Robin Williams — who visited and laughed with her at The Gorilla Foundation in Woodside, Calif. — had passed away.

Koko was given a cardboard box containing the new kittens for her 44th birthday this past summer. She took a curious peek inside before gently scooping one up in her massive hand and cradling it to her face. The second kitten then climbed out to immediately snuggle with the great ape.

"Koko fell in love with one, and the other fell in love with her," said her trainer, Francine Patterson. "Koko has adopted these two kittens into her family, and it has energized her world!"

She added that Koko is now inspired to sign more than ever — a sign her kitties are an inspired choice to top the Odd List! **NE**

Koko's "babies" have gotten very comfortable with their new mom
